EXPERIENCE

Internship Labb Consulting Utrecht - The Netherlands 2020 - 2021

Here I learned to work in a team with task divisions, I also learned to observe obstacles in the project and find an appropriate solution.

Worked mainly with React.js and Pega.

Internship Goudappel Coffeng Deventer - The Netherlands 2021 - 2022

Here I gained a lot of knowledge about Angularjs
We programmed an observing system for traffic in the city of Deventer

Internship Capgemini Utrecht - The Netherlands 2022 - 2023

Implemented a comprehensive project using NEXT.js, Storybook, Contentful, and Netlify, showcasing my expertise in front-end development. Explored various rendering methods in NEXT.js (SSG, SSR and CSR) and analyzed their performance difference.
