WORK & EXPERIENCE

Internship/Project Labb Consulting 01
September 2020 - July 2021

Here I learned to work in a team with task divisions, I also learned to observe obstacles in the project and find an appropriate solution. Worked mainly with React.js

Goudappel Coffeng, Internship 02
2021 September - January 2022

Here I gained a lot of knowledge about Angularjs We programmed an observing system for traffic in the city of Deventer

Capgemini, Internship 03
2022 September - January 2023

Here I am working on a project where I used NEXTjs, Storybook, Contentful and Netlify.
